

It's Haliburton Winter Carnival time

Haliburton is where the action will be this weekend and everything is set to go for the 1975 Haliburton Winter Carnival. Carnival Chairman Bill Emmerson and co-chairman Glen Blair along with the rest of the members of the Rotary Club of Haliburton have been burning the midnight oil in an effort to come up with what we hope will be a weekend that will furnish fun and entertainment for old and young alike.

This year the carnival will be honoured by the presence of the Hon. Claude Bennett, minister of Industry and Tourism who will be in Haliburton to officially open the big event and he will be present at most of the carnival functions. People from all parts of Ontario are making their way to Haliburton for a weekend of fun and frolic.

We say welcome to Haliburton this weekend Friday-Saturday and Sunday, February 21-22-23 and may your visit be one that will long be remembered.

CARNIVAL KICK-OFF

The big weekend will officially get underway at 3:00 p.m. with the Ice Sculpture display and judging and at 6:00 p.m. the Carnival bonspiel swings into action at the Curling Club. The Carnival committee hope to start this years carnival off with a big bang and at about 9:00 p.m. some dynamite will be let off and some fireworks will shoot up into the air and away we go with a Friday night with plenty of activities. Be sure to be on the main street in Haliburton at 9:00 p.m. on Friday night to see the torchlight parade which will start at the high school and will wend its way up Head Lake turning at the town dock and proceeding up the main street to the arena where, for the small price of \$1.00 admission fee, you will have the opportunity to view an outstanding challenge broomball game between the C.K.L.Y. All stars and the Haliburton Firemen and also see the official carnival opening ceremonies by the Honourable Claude Bennett, minister of Industry and Tourism and the presentation of the 1975 carnival queen followed by dancing and refreshments in the arena auditorium. Yes all this Friday night for the admission fee of only \$1.00.

The Teen Snow Ball and the final judging for the carnival queen will also be featured on Friday night at 9:30 at the High School.

HOCKEY

Hockey will play a big part in this years carnival at the Haliburton Arena and starting at 8:00 a.m. on Saturday morning the Alcide Carpentier Memorial Pee Wee tournament will be played with admission - Adults \$1.00 and children 50c.

At 8:00 p.m. a regular scheduled Central Ontario Junior "D" O.H.A. hockey game will be on tap at the arena when Lakefield will be in town to take on the Haliburton Travelways Huskies in thrilling hockey action.

An exhibition by the Haliburton Figure Skating Club will take place during the intermission of the Junior hockey games.

TWO LUNCHEONS AGAIN THIS YEAR

This year the Anglican Church ladies as well as the ladies from the United Church will be going all out again to keep out visitors and local residents well fed. On Saturday at noon hour a Buffet Luncheon will be available at the Anglican Church Hall. \$2.50 per person, children under 12, \$1.50. On Sunday at 12:30 p.m. the United Church Women will serve up a Toquepic Luncheon at the United Church Hall with admission \$2.50 per person, children under 12 \$1.25. These are two memorable meals for everyone who attends and there are always plenty of seconds, so come along and eat heartily.

GIGANTIC PARADE

Everyone loves a parade and the Haliburton Winter Carnival Committee is going all out to make this year's parade one of the best. The parade will be one of the highlights of the weekend and it's success requires your participation. It will assemble at the Municipal

CARNIVAL FEAST AND COCKTAILS

On Saturday evening starting at 6:30 p.m. it will be the Carnival Feast and Cocktails at the Legion Hall. The dinner will be put on by the Legion ladies and admission will be \$5.00 per person. The Andres Wine Company are co-operating with the Carnival Committee in making their wines available to the dinner guests at a nominal charge. Entertainment will take place during the dinner and it promises to be a lot of fun. Dress as you wish

and come prepared to have a ball.

At 9:00 p.m. its the Carnival Ball at the Legion Hall with admission being \$3.00 per person.

SUNDAY AFTERNOON HIGHLIGHTS

Starting at 1:00 p.m. on Sunday afternoon at the Rotary Beach on Head Lake an outstanding afternoon of enjoyment has been lined up. The following are some of the attractions which will be on the menu. High School Rocket Demonstration, Free Horse drawn sleigh rides for the children, Novelty Snowmobile Races, Canadian Parabolic Skydiving team, Kite Display on Head Lake.

The finale on Sunday afternoon will be a dare devil demonstration by local experienced snowmobilers who will be crossing open water. They will attempt to jump the channel near Rotary Beach. They will be doing this act while jumping well over 100 feet of open water. This daredevil open water snowmobile display is presented in the interest of safety and the Rotary Club hopes that inexperienced snowmobilers do not attempt this spectacular but dangerous feat. This is only a daredevil demonstration and not one to be considered a normal practice.

SPECIAL FEATURES

8:00 a.m. on Saturday it will be the Campers Breakfast at the Legion Hall for \$1.50.

When visiting this weekend don't forget to take in the Haliburton Guild of Fine Arts Display and Sale at the Lakeview School.

There will be a Carnival Bake Sale starting at 2:00 p.m. on Saturday afternoon at Curry Motors Showroom.

You can relax at the Carnival on Saturday afternoon by visiting the friendship lounge in the Legion Hall.

One of the highlights of the weekend will be the moster fireworks display and bonfire at the Arena Fairgrounds. This will be presented at 8:30 on Saturday night.

Special Church Services at all churches in Haliburton on Sunday. Those in winter attire are especially welcome.

The Boy Scouts will be serving coffee and beans at the Rotary Beach on Sunday afternoon during the afternoon activities.

haliburton News Letter

Well the big news this week has to be the 1975 Haliburton Winter Carnival which starts on Friday and continues through until Sunday night. We have been waiting a year for the big event and finally it has arrived.

A large crowd was in attendance at the Valentine's Ball held at the Royal Canadian Legion auditorium in Haliburton last Friday night. Music for the occasion was supplied by "Summer Fantasy".

Many of the local Haliburton County merchants were in Toronto last week to attend the Annual Hardware Show.

Dick Schell local law enforcement officer for the Municipality of Anson, Hindon and Minden has been busy lately trying to enforce two-hour parking on the main street in Minden. It seems that it's the same old story of local merchants taking their cars to work and parking them in front of their place of business for most of the day. Minden may soon be like Haliburton and be forced to install parking meters.

Welcome this weekend to the Honourable Claude Bennett who will be in attendance at many of the events of the Haliburton Winter Carnival. We hope his stay here will be an enjoyable one.

The older the car, the less likely the driver is to be wearing a safety belt at the time of an accident, states the Ontario Safety League. According to a study at the University of North Carolina, there are three possible reasons:

- 1) as cars get older, belts and belt buckles may become damaged and more difficult to operate.
- 2) older vehicles are frequently driven around town instead of on extended highway trips.
- 3) as vehicles become older, they are more often driven by the young, who are less likely to use safety belts.

Some of the larger lakes in Haliburton County are proving to be quite slushy as far as good snowmobiling is concerned. Last weekend some of the local snowmobile enthusiasts who took a trip ran into problems like getting stuck on some of the larger lakes. Unless the weather turns really mild Head Lake should be excellent for the many events to be held there during the winter carnival.

Our congratulations go out to Mr and Mrs Vance English who celebrated their 25th wedding anniversary recently. A tea in their honor was held at the home of Mrs Clayton Hodgson on Saturday afternoon, February 8 when their friends called in for a visit.

High blood pressure, a major contributor to heart attack and stroke, has no usual symptoms. You can have it and not know it. Have your blood pressure checked regularly and follow your doctor's orders.

When you come to the Haliburton Winter Carnival this weekend you shouldn't go hungry. Besides all the restaurants that will be open there will be noon luncheons at St. George's Anglican church on Saturday and at the United Church on Sunday.

Now that the big weekend has arrived we are looking forward to meeting many of our old friends who will be coming to spend the Winter Carnival weekend with us.

Along the Trails

By Roy Bates

The HCSA Snowplan '75 is making excellent progress in spite of a very late start. This is the Government financed dry land trail project which was initiated as soon as the word came out that a million dollars would be spent on snowmobile trails this season. By getting in an early application and by submitting with it a fully detailed plan of trails to be improved the County Association was able to qualify for the largest single grant allotted to any club in the Province.

There were many weeks of patient waiting while the Ministry of Natural Resources reviewed and studied applications and it was late January before final approval was received. This meant that the most productive season for trail working had passed. It also means that much of the project will be completed too late to be fully enjoyed by snowmobilers this year. However, the four work crews out of Hall's Lake, Minden, Haliburton, and Harcourt have made good headway. It is already quite possible to enjoy your snowmobile on a brush free and freshly groomed trail in any of these sectors.

Snowmobiles to be Features in Winter Carnival

Planners of the Haliburton Winter Carnival have included several snowmobile events this year. As part of the opening ceremonies, a torch light parade of approximately thirty machines will provide a new look to the carnival as it travels from the High School area to the arena grounds. This will take place Friday evening at nine.

On Saturday at 11:00 a.m. timed drag races will be the big event at the Rotary Beach on Head Lake. Final Heats for these races will be run at 3:00 p.m. Pat Kennedy, who brought the event off successfully last year, will again be in charge.

On Sunday, the Kashagawigamog Tourist Association will sponsor a timed snowmobile safari. Here is your opportunity to discover your mistakes in snowmobile operation. Riders will be closely checked at intervals along the way with points deducted for going too fast or too slow or any infraction of safe snowmobiling rules.

Also on Sunday, at 1:00 p.m., will be novelty snowmobile races for all the family. And, once again, the daredevil open water demonstration, which is definitely not for the novice. If you don't believe that snowmobiles will run on water, be on hand to see it.

Come to the Carnival. Participate. And have fun.

Better check that old helmet. New regulations require that a CSA approved helmet be worn at all times on any road or public trail. A public trail is any trail which is maintained in whole or in part by public funds or which is open to use by the general public.

Haliburton Highlights

Workmen were busy on Monday at the Rotary Beach in Haliburton removing the snow to make more parking space at the Rotary Beach area for the winter carnival events that will be taking place there this coming weekend.

Close to 35 people from Haliburton and area were in Maple Leaf Gardens in Toronto last Saturday night to see Haliburton's Ron Stackhouse in action on defence for the Pittsburgh Penguins. Ron is one of the stars of the Pittsburgh club.

A letter has been sent to the Hon. Claude Bennett stating that the Haliburton County Social Planning Council supports the recommendation made by the Chamber of Commerce in seeking industry for the County. A letter was sent to Mr. Rowe that the H.C.S.P.C. supports the proposal put forth by the Cardiff Community Club in their brief requesting a Health Centre in the community.

We are fed up with the vandalism around Haliburton. The children at the Victoria Street School have been building ice sculptures for the Haliburton Winter Carnival and it seems that everytime they get them up some hooligans are coming around and destroying them. During the past weekend every sculpture was destroyed. We have to ask ourselves what's wrong with this society.

John Rouble awarded Star of Courage

The Governor General, the Right Honourable Jules Leger, C.C., C.M.N., C.D., presented 23 Decorations for Bravery at an Investiture held at Government House in Ottawa on Friday, February 14.

During the ceremony in the Ballroom, the Governor General presented seven Stars of Courage and 16 Medals of Bravery.

Among those receiving the Star of Courage was John Francis Rouble, principal of the Haliburton Highlands Secondary School at Haliburton.

On February 8, 1973, Mr. Rouble rescued two people, Francis Leslie Donaldson and Shirley McKinnon, both of Haliburton, after they had crashed through the ice into the icy waters of a lake while snowmobiling.

The Star of Courage is one

of three awards established in 1972 to recognize bravery on the part of Canadians where the risk of life is involved. Only 31 of these awards have been invested to date.

The award consists of a silver, four-pointed star, suspended from a red ribbon with two vertical blue bars. The obverse contains a gold leaf surrounded by a laurel wreath, and on the reverse is the Royal Cypher and Crown with the word "Courage".

Mr. Rouble was awarded a silver medal at the age of 16, while a Boy Scout, for rescuing a drowning child from the Welland River. It gives me a great deal of pleasure to add my own congratulations to the many accolades Mr. Rouble has received for his selfless and courageous conduct.

Continuing from last week regarding the lack of courage in Government circles, we would like to suggest that of great importance today, is the way that Canadian Law is being flouted by the present FEDERAL LEADERS. The LAW states that a person or persons found guilty of the murder of a police officer in the course of his duties shall receive the death penalty. I don't think the law says "If some Government Official allows it".

NOW, the INVESTIGATORS do the work entrusted to them, the JURY do the work DEMANDED of them, the learned JUSTICE completes the work entrusted to him, using ability and learning in the process, THEN a cabinet composed of elected members of something or other proceed to reverse the decision of the LAW and THE PEOPLE. We, the people sit and take it. No wonder the Police Officers are getting disgusted, no wonder the Courts are falling down, no wonder some people are getting tired of electing members.

It makes NO DIFFERENCE whether we believe in capital punishment or not. If the law is wrong, then it should be changed, but as long as the law is in force, we say that those in high places should have enough courage to keep the law.

We must point out that our good member, Mr. Bill Scott, is in NO WAY responsible for the above. He has no seat on this body as yet, so has no direct responsibility for this breach of the law.

Two men arrested

On Friday, February 14, at about 8:00 a.m. the Ontario Provincial Police at Minden received information of two suspicious persons in the Haliburton area.

As a result of an investigation by Provincial Constable W.A. Bibby assisted by four other officers, two persons were apprehended.

Extendicare construction to start soon

Many people have been asking us when the new Extendicare hospital for Haliburton will be getting underway. We understand that an early spring start in construction is anticipated and that the capacity of the new Nursing Home will be for 60 beds, instead of 50, as originally planned.

OPP report

The OPP Minden Detachment report the following activity for the period of February 10 to February 17.

There were 56 general occurrences reported and seven Motor Vehicle collisions reported. Three break and enters were reported, four Liquor Control Act charges, and one person charged with impaired driving.

Cubs parade

There was a good turn-out of Cubs to parade to St. Anthony's Roman Catholic Church from the Legion Hall on Sunday. Father Maloney welcomed the group to his Church and the boys heard an inspiring message during the service.

Only one Scout paraded as most of the Scouts were away on a winter weekend Camp-out.

Municipal building in Haliburton has outlived usefulness

Since our last editorial two weeks ago re a new municipal building in Haliburton we have heard a great many comments and practically everyone we have talked with is of the opinion that the old ancient municipal hall should come down and a modern new municipal building all on one floor be erected in this location.

A few people have said that this is an old landmark and should be kept for historical value. People used to drive model T Fords and the cows used to roam on the main street, but they don't anymore.

This is 1975 and it's time that we started to look ahead, not behind. We can't do anything about what happened yesterday, but we can do something about the future. How many people today are worried about tradition? You can count them on your right hand.

The present municipal building which has served a purpose in the past has outlived its usefulness with its old steps to the second floor and its vault system that leaves a lot to be desired. If there was a fire in this old building tomorrow what would happen to the records?

During the past few years Haliburton has had many new beautiful structures erected, but there's another one that should go up in the near future. It's a new municipal building.

We urge the local municipal council to start planning now for the future and let us make a start on this new municipal building.

Excellent program arranged for carnival

This weekend everyone will be letting their hair down and going out to really celebrate one of the biggest events of the year, the Annual Haliburton Winter Carnival. It will start this Friday, February 21 and continue well on into Sunday.

The Carnival chairman Bill Emmerson and co-chairman Glen Blair along with all of the other Rotary club members are to be congratulated on the splendid program they have lined up for the big weekend ahead.

A winter carnival of this size requires a lot of effort on the part of those sponsoring the event and a large sum of money is needed to carry it through.

The success of this Winter Carnival will depend on the work and enthusiasm of everyone in Haliburton and surrounding area. It's your Carnival for you and your family to enjoy.

In an effort to make it a success we ask you to try and attend as many attractions as you can and don't hesitate to jump in and help if you are needed.

This year we are honored to have with us the Honorable Claude Bennett, minister of Industry and Tourism who will be officially opening the Carnival on Friday night and he will also be attending many of the functions. The Carnival Committee this year have gone all out to start the big event off with a bang and Friday night many new attractions will be on tap. One of the highlights of course will be the crowning of the Carnival Queen at the big dance at the High School followed by torchlight parade to the arena at 9 p.m.

Beginning this Friday morning people from all sections of Ontario will be making their way toward Haliburton for the weekend festivities. It is here and now that we send out a big welcome to all our visitors and we sincerely hope that you will enjoy every minute of this years carnival.

After looking over the great program arranged we can only say that Haliburton is the place to be this weekend. In other words it's where the action will be.

This will mark the seventh year of the Haliburton Winter Carnival and we are looking forward to seeing you all right here in Haliburton this weekend.

Ward system should be changed

It wasn't too many years ago that the ratepayers in the Municipality of Dysart went out to vote and they voted for the candidates right across the board. In recent years the ward system was introduced with ward 1 taking in the village of Haliburton, ward 2 making up most of R.R. 2, Haliburton Donald and as far out as Harcourt, ward three takes in the areas of Eagle Lake and West Guilford.

In looking over the voting trends in the past few elections we wonder what purpose the ward system is serving. In our opinion just about nothing.

If all the voters voted for all the candidates right across the board we would have virtually the same results.

It is also our opinion that everyone in the municipality should have the opportunity to vote for any candidate no matter where he or she may reside.

The present ward system is serving little or no purpose and we would like to see the local council weigh this matter out at its next meeting and see what system we are going to use. It's worth looking into. If you our readers have any opinions on this subject we would be only too glad to hear from you.

Letters to the Editor

Mr Editor:

Today I read two letters in the readers write column that were very unfair. It is very clear the writers didn't understand what Mr Schellenberg was saying. To imply that the underpaid spend 50 percent of their time picking the flowers off their hip pockets, doesn't solve anything. Or statements like - "No snotty-nosed green gilled young delinquent" doesn't help either. Nothing in Mr Schellenbergs letter deserved the criticism he received.

Mr Schellenberg was born and raised in this area, and he has the God given right to live here. I don't believe anything will be solved by taking those letters apart point by point, if you look for something to disagree with you will surely find it. Everybody knows the truth.

It is true that some of the citizens of this area have more than others, but if they got it honestly, they probably share it. But the fact remains, there are many little empires built in this area by the sweat and tears of the havenots. Today it seems honesty is not a qualification for employment. It seems if a person can amass great wealth, he is respected. I am a product of the havenots in this area, but I am rich in faith. Unfortunately at this time I am unemployed. I am willing to work for anyone in this area. But I cannot work for anyone who gains by cheating others. Very few people become rich by being honest. Everytime anyone takes something he doesn't need, somewhere, someone has to do without. Why? Because he is not qualified?

Peter, it was suggested you take a course in auditing, but may I suggest you stay honest, and live on starvation wages. Sad, but the honest man at the bottom will see everyone else fall.

Sincerely in Christ
Albert Cameron
R.R. #2
Haliburton

Dear Editor:

You finally received some replies to my letter of January 28. For a while, I thought no one cared what happened to Haliburton County.

As for the first letter from Mr Holland, I do not think it even worth commenting on, as it was obviously aimed solely at being ignorant and had nothing intelligent or worthwhile to say to the community.

The second, although Mr Choma's views and mine are not the same, I do respect his opinion and can only stand up and cheer when he mentions industry coming into Haliburton County.

30-200 jobs is fantastic and I'm sure that others will follow. I just pray that this community gives him everything it can offer in the way of incentive to come here.

Although I respect the man for his opinion he has not changed mine; people in Haliburton County are under-paid and the cost of living here is too high. Also, people in this community do not stand around 50 percent of the time picking flowers or anything else from their behinds. I'm sure if Mr Choma plans to build an industry here he no doubt knows this.

At this point I feel compelled to correct Mr Choma as he did me. First, I'm not some smart-alec kid but a concerned citizen of this town. Also, anyone in business for himself and making an average of less than \$2.50 per hour had better stop and take a look because he's in trouble.

I'd be overjoyed to start my own business and pay my help \$5.00 per hour if I could find someone that wouldn't mind floating me a loan for \$20 or \$30 thousand.

If I did move to the city, I certainly wouldn't take a wage of \$3.00 or less and I'd never try to rent a house in Toronto.

Mr Choma, I merely wanted to rent an apartment, not a penthouse for \$350.00 a month, and buying a home in Toronto or any

city is a fool's dream.

I had my own reasons for joining the RCAF but I assure you it wasn't as an excuse so that I could think I deserved some sort of reward.

My sole purpose of writing my first letter was to hit this community with something that would make everyone stop and think.

Mr Choma is right; this community is worth fighting for.

The one thing that would please me more is if your next paper, Mr Editor, was full of letters either for or against me. It would show that someone cares about Haliburton, Ontario.

Yours sincerely
Peter Schellenberg
West Guilford, Ontario

Dear Editor:

In your issue of January 23/75 you had an item headed:

Snowmobile business has large impact on economy of County.

This article has come too little and too late.

Last winter the writer for the Haliburton County snowmobile association, has an article in nearly every week, pleading with the Ontario Government to bar snowmobiles from our roads and highways, to stop the awful slaughter of people killed there on. His plea reached the Government and now his wish is granted.

Please, do not blame the fat old pensioners, that snowmobiles are barred from highways, county and township roads and perhaps even from the whole township.

I told business men in Haliburton last year that the Haliburton County Snowmobile Association was a curse to the County and by God it is.

Yours truly
Theodore Peacock

A broomball challenge contest has been lined up for the Haliburton Winter Carnival this weekend when the C.K.L.Y. All Stars will be meeting the Haliburton Firemen in a great game at the Haliburton arena on Friday night at 9:30 p.m. Bill Scott M.P. for Victoria-Haliburton shown in the above photo refereeing a broomball game at a previous carnival held in Haliburton will be here to referee on Friday night.

Haliburton bantams compete in Quebec

On Friday, February 7, the Haliburton Bantam Hockey team travelled to La Sarre, Quebec, for the Bantam Tournament held annually there.

At 9 o'clock on Saturday morning, Haliburton met New Liskeard in its first game. Bernie Nicholls opened the scoring in the first period - Ed Roberts getting the assist. New Liskeard then scored twice in the first period in a hard-checking contest. Another unanswered goal was scored by New Liskeard in the second period and in the last few seconds of the game a fifth goal was tallied making the first game score 5 to 1. Bernie Nicholls was picked as third star of the game.

The second game for Haliburton was played at the Macamic Recreation Centre, 10 miles from La Sarre, at 5 p.m. Saturday, when Senneterre and Haliburton played a close-checking scoreless first and second period. In the third period Rod Consack scored a beautiful goal from Chris Hodgson to put Haliburton in the lead. This goal was unanswered and with a 1-0 win, Haliburton became finalists for the "B" Consolation Championship. Mike Scheffee, playing strong on defence, was picked as the first star of the game, and Rod Consack, the lone scorer, was third star.

The "B" Consolation Championship game between Macamic and Haliburton, was played on Sunday at 1 p.m. Macamic, a strong local

favourite, opened the scoring in the first period, but Bernie Nicholls tied the score on a pass from Chris Hodgson and David Shapero. Dwight Sisson then scored from Kevin O'Hara to take the lead for Haliburton. In the second period Macamic scored two goals to take the lead 3-2. The third period was a stand-out period of hockey but remained scoreless with Macamic taking away the "B" Consolation Championship trophy. Although Haliburton outplayed Macamic throughout the game - outshooting them 20 to 11, they could not capitalize on their opportunities. Team Captain, Mike Scheffee, accepted the finalist trophy presented to the team.

Coach Albert LaRue

congratulated his team on a fine effort, good sportsmanship, and good conduct throughout the weekend.

Manager, Len Salvatori, would like to thank the parents who drove to La Sarre and Haliburton Lumber, Black's Hardware, Emmerson Lumber, Curry Motors, Boice Motors, Curry Bishop, Rick Poole, Cliff Dawson, Gerry Wood and Doug Hodgson for their credit cards and vehicles. These generous donations from the local citizens and businesses made it possible for our bantams to experience this weekend in French-speaking La Sarre, Quebec. Thanks also goes to John Consack, who chaperoned the boys who slept in the High School Gym.

Kite glider killed in 350-foot plunge

The British West Indies Airways Delta Wing Kite Flying Display which was scheduled to be presented on Sunday afternoon at the Haliburton Winter Carnival has had to be postponed due to the untimely death of Eldon Cresswell of Oshawa who was to have put on the demonstration.

PORT PERRY - One of Canada's best-known water skiers was killed near here Saturday, February 15 in a 350-foot plunge from a disabled kite-glider.

Eldon Cresswell, 34, billed at Expo 67 as the only Canadian who could water-ski backwards on his bare feet, crashed to the Lake Scugog ice as several friends watched in horror.

"He had released the rope and was on his own ... it looked like the spar broke and he just spiralled to the ice," said Ross MacKie, who had been driving the car used to pull Cresswell and the glider into the air at the end of a 600-foot tow

rope.

Cresswell, an Oshawa native had been a kite flier since his wife, Pamela brought him one from Expo for his birthday. He was practising for the first time over ice and was to give a flying display this Saturday at the Haliburton Winter Carnival. He had been towed behind a snowmobile, then MacKie's car, making several flights.

The 14-foot-wide delta-wing kite performed without incident and they were making one last run, when the accident occurred about six miles northeast of Port Perry near the Island Marina.

scheduled the tournament to coincide with Carnival Weekend is happy with last years results.

There will be eight teams competing for the Alcide Carpentier Trophy and the consolation winners will receive the Fred Neimann Trophy. Mr Neimann was also an avid hockey fan in years gone by.

The teams entered this year will be Haliburton,

Minden, Bobcaygeon, Keene, Sunderland, Bowmanville, Fenelon Falls and Markham.

The games begin at 8:00 a.m. and finish at approximately 6:00 p.m.

The committee is hoping for a good turnout of local fans as this tournament has always been a crowd pleaser and hopefully the good support will continue.

To Bobcaygeon

Huskies drop 8-6 decision

On Friday night the Travelways Huskies dropped an 8-6 decision to the last place Bobcaygeon Ti-Cats in Bobcaygeon. John Welch scored two first period goals to give the Huskies a 2-0 lead but the Ti-Cats came back with two goals in the last two minutes of the period to tie the score.

Bobcaygeon scored four second period goals, George Brown getting three. The Huskies got goals from Larry Robinson, John Welch, and Ernie Bain.

The Ti-Cats outscored the Huskies 3-2 in the third period to gain the 8-6 win. Ernie Bain scored once in the third for the Huskies.

On Saturday night the Huskies dropped to third place in the league standings as they lost by 6-4 to the visiting Bancroft Jets. Bancroft held a 2-0 lead until late in the 1st period when Bev Hicks scored an unassisted goal. Bancroft scored three goals in the second while the Huskies Tim Curry scored two within 26 seconds. Both

teams scored once in the third; Roger Bain getting the Huskies goal. Wayne Gunter, up from the midget team, scored three goals for Bancroft.

This Saturday night the Huskies will host the league leading Lakefield team. This will be the last meeting with Lakefield for the regular schedule. The Huskies will have to come up with a much better effort against the hard skating Lakefield team. Lakefield remains undefeated throughout the schedule.

Peewees ride winning streak

The Haliburton Pee Wees hockey club are really rolling along these days and are riding on a great winning streak.

In the first round of the O.M.H.A. play-offs the Haliburton team handled Bobcaygeon in very easy fancy when they won the best three out of five series in three straight games outscoring the opposition 29 to 9 in the three games. First game the score was 11-3; second game it was 10-2; third game was 8-4.

As a warm up for the next OMHA. playoff round the local Pee Wees played two exhibition games with the Willowdale Pee Wee All Stars at the Haliburton Arena over the weekend.

On Saturday night they won by the score of 8-1 and on Sunday morning the

Haliburton team did again with a 6-1 decision over the same Willowdale team. The Haliburton goal scorers in this game were Tim Davies and Roger Hicks with two goals each while single markers went to Tony Scheffee and Mark Prior.

The Haliburton team are now into the second round of

the O.M.H.A. playoffs which is a best three out of five series with Beaverton. The second game in the series will be played in Beaverton this Sunday.

The local Pee Wees will also be in action in the Alcide Carpentier Pee Wee Tournament to be played in Haliburton this Saturday.

Cubs enjoy snowshoeing

Cubmaster Len Salvatori, Assistant Mervyn Elstone and Walter Webb took Cub Pack "A" to Sandy Cove on Drag Lake and there the Cubs had an opportunity to snow-shoe - some for the first time.

On the snow-shoe tramp around a pond, the Cubs were able to observe beaver houses and different animal tracks. The boys stopped

along the trail and paired off to light fires from birch bark and gathered dry wood.

Returning to Drag Lake, the boys enjoyed snowmobile rides and ice-fishing

After the outdoor activities, the boys enjoyed hot-dogs, hot chocolate and cake prepared by Mrs Betty Salvatori and Mrs Dorene Elstone.

Wilberforce hockey action

Ministry gears up for fire season

By G. Scheer
Field Services

The embattled fire fighters of the Ministry of Natural Resources breathed a sigh of relief when the 1974 forest fire season officially closed last October 31st. The year 1974 had proven to be the worst fire season experienced in thirteen years.

What does the Fire Control Branch of the Ministry of Natural Resources do in the winter when there are no forest fires to fight? For some staff, there is a change of duties as they work in other services such

as Fish & Wildlife or Forest Management. For the others in the fire service, it is on with the job; planning and layout of fire services for the next year, studies of past weather and fire behaviour, development and testing of equipment, updating fire records and maps, preparing and attending training courses in fire suppression and other related courses.

The forest fire season officially re-opens on April 1, 1975. By that time all will be in readiness for Ontario's fire crews can be called upon at anytime to travel anywhere by any mode of travel to protect the

Province's forest resources from the ravages of forest fire.

More people than ever before now use and appreciate forested land on a year-round basis. Even while caught in the grip of mid-winter the first spring fires are a scant eight weeks away. Traditionally, April and May can be as explosive as in July or August, since dead leaves and grasses warmed on southern slopes and fanned by gentle winds can create considerable

havo. For these reasons, the Ministry of Natural Resources has a special role to play in the conservation of a precious public resource. The responsibility of the public, however, is heavier still since it is they who start 80 per cent to 90 per cent of all fires. Wherever your home or summer cottage is located, contact the nearest district office of the Ministry of Natural Resources to learn how you can play a vital role in the prevention of forest fires.

Fishing Regulation

The 1975 Ontario Fishing Regulation Summaries are now available from District Offices across the province. These brochures are summaries only and are meant to provide the angler with a guide. A complete consolidation of the regulations is available from the Ministry of Natural Resources, Parliament Buildings, Toronto. For more detailed information, reference should be made to the Game and Fish Act, and the Ontario Fishery Regulations.

Fishing seasons given in the guide, pertinent to the Lindsay District are as follows:

Species	Location	Open Season
Yellow Pickerel	Lake Scugog	May 10 to March 31
	Balance of Dist.	May 10 to Nov. 30
Largemouth and Smallmouth Bass	District	June 28 to Nov 30
Maskinonge	District	June 7 to Dec. 15
Brook Trout	District	Apr. 26 to Sept 15
Brown Trout	Lake Ontario	All Year
	Balance of Dist.	Apr. 26 to Sept 15
Lake Trout and Splake	Lake Ontario	All Year
	Rare or Absent in Balance of Dist.	Apr. 26 to Oct. 10
Rainbow Trout	Lake Ontario	All Year
	Balance of Dist.	Apr. 26 to Sept 15

While Brown, Rainbow and Lake Trout may be fished all year in Lake Ontario, a combined limit of 5 per day in any combination has been established for Pacific Salmon and Trout except that no more than 3 may be Lake Trout or Splake from Lake Ontario.

Around stream mouths fronting Lake Ontario anglers may experience some difficulty in determining what is lake and what is stream. If in doubt the angler would be wise to consult the District Office or if this is impractical at the time, move to an area for which there can be no doubt. The Ganaraska River Estuary is open to Trout fishing all year from the C.N.R. bridge in Port Hope to Lake Ontario.

Winter Fishing is open in the Lindsay District on Lake Scugog for Yellow Pickerel and Pan fish. The balance of the inland waters of the Lindsay District are closed to angling from December 16 to April 26. On the later date a number of temporary sanctuaries are enforced until the opening of the pickerel fishing season.

For the location and description of these sanctuaries contact the Lindsay District Office.

Last winter saw the first use of Lake Scugog for a winter fishery. This resulted in a number of complaints to our Ministry and to the Ministry of the Environment concerning garbage and other litter being left on the ice by anglers. This is contrary to section 29 of the Public Lands Act as well as being detrimental to the Lake Environment. Garbage does not belong on the ice nor does it belong shoved down a hole into the lake beneath the ice. Our officers and those of the Ministry of the Environment have been asked to rigidly enforce the law. Do your part; do not litter.

Students offered summer jobs in municipal government

The Ontario government has just renewed a program that will give 250 college students a chance to gain practical experience in municipal government administration and planning.

In announcing the renewal, Ontario Treasurer W. Darcy McKeough said the program, known as Involvement in Municipal Administration (IMA), is open to students enrolled in public or business administration or urban or regional planning courses at universities or community colleges. The program, now entering its third year, will run from April through September.

To encourage municipalities to employ students under the IMA program, the Ontario government offers to reimburse the municipalities for up to 80 per cent of the students' salaries, for a maximum subsidy of \$100 a week per student.

In a letter to all Ontario municipalities, Mr McKeough said the program offers advantages both to the students and to the municipalities employing them.

"The student is not only provided with an opportunity to gain practical experience and to develop his or her academic training but can also assess the advantages of pursuing a career in local government."

"At the same time municipal officials will be

able to undertake studies, surveys and other projects which probably would not be otherwise possible."

This year's program is intended to provide for about 250 positions -- 125 for planning students and 125 for public or business administration students, but these figures are flexible and "will be altered if the demand so indicates," the Treasurer said.

Eligible students are invited to inquire about IMA at the employment offices of their colleges or universities.

Last year, about 130 municipalities and 270 students took part in the program.

Ministry of Culture and Recreation formed

The formation of a Ministry of Culture and Recreation within the Ontario Government was announced in the Legislature by Premier William Davis in December of last year. In his announcement, the Premier stated: "One of Ontario's most precious resources is its quality of life, based on a rich and diverse cultural history. It is our goal to preserve and enhance that vital and vibrant quality".

I have been somewhat surprised at the lack of publicity this new Ministry has received thus far. I feel that the new portfolio will have a significant impact on all parts of the province. The importance of the Ministry is evident in the appointment of the Honourable Robert Welch, one of the most senior and capable men in the Cabinet, as its first minister.

The major objective of the Ministry of Culture and Recreation will be to focus on ways in which individual and community involvement in cultural and recreational pursuits can contribute to the overall quality of life in Ontario.

The Government has set six main areas of involvement in order to achieve its objective.

First, the Ministry of Culture and Recreation will be responsible for heritage conservation. This will include museums, libraries, art galleries, and archaeo-

logical and historical sites. Earlier this Session, a Heritage Conservation Bill was introduced into the Legislature dealing with building conservation and archaeology. The new Ministry will now be responsible for this Bill, and also a considerably expanded Ontario Heritage Foundation. This Foundation will bring together a cross-section of highly qualified members of the public in its board of directors.

Projects like St. Marie among the Hurons at Midland will also be brought within the Heritage Conservation Programme of the new Ministry.

The second programme area relates to the cultural and performing arts. With the steady growth in our standard of living, there has been an increased demand for more and better facilities throughout the province. Through the new Ministry, the Ontario Government intends to expand opportunities for cultural fulfillment.

The Ontario Council on Multiculturalism will now report to the Minister of Culture and Recreation. This Council was created some months ago in recognition of the many different ethnic backgrounds which make up Ontario. Its major objective is to advise the government on ways in which we can promote our cultural heritage.

Another programme area will relate to youth and will involve the Youth Secretariat, being transferred from the Cabinet Office to the new Ministry.

Sports and Recreation will be additional components and will receive particular emphasis by the Ontario Government. There will be a promotion of greater access to sports and recreation programmes for all residents of Ontario. An example of this can be found in the creation of a new Ontario Sports Travelcade Programme. A forty-five foot Travelcade van will travel to small communities throughout the Province. This van will be equipped with projectors, slides, films, micro-film scanners, tapes and a complete collection of reference material on all aspects of sports.

Through the Ontario Sports Travelcade Programme, small community sports leaders will be able to increase their skills in coaching, training, manage-

ment and administration. This will in turn bring about a substantial upgrading in the quality of instruction available to young athletes.

Through the programme, small communities which would otherwise be unable to bring such expertise into their areas, will not have the opportunity to be as fully informed on any area of sport as possible.

The final programme area in the Ministry of Culture and Recreation will be related to citizenship. Residents of Ontario who require help from the government, but who are unsure of where to turn, may now get assistance from the Citizen's Inquiry Bureau.

The government is currently providing a wide variety of cultural and recreational programmes which involve several ministries. By putting them together in a single ministry, they will all receive much greater emphasis in response to their increasingly significant role.

How many energy leaks are there in your home?

At one drop per second, a dripping hot water tap can waste about 175 gallons of hot water each month. The electricity required to heat that water would keep a 60-watt bulb burning continuously.

Poor insulation...a faulty heating system...inefficient use of appliances...all cause energy leaks in the home. This can increase the cost of running a home—and waste Canada's precious energy resources.

It makes good sense to use electricity and all forms of energy wisely. And that includes stopping those energy leaks.

Read your Tax Guide. It's worth it.

Let's face it. Even though the Federal Government tries each year to make the tax form easier to understand, you probably believe filling it out is a difficult job.

But when you use the 1974 Income Tax Guide, which accompanies your tax form, you'll find it's not as difficult as you thought.

And for most of you, the Guide will be the only help you'll need to complete your return.

Read your Guide thoroughly. The easy-to-follow Blue-Section at the front of the Guide takes you through the tax form step by step, showing you how to list your income and claim your deductions. It tells you how to go about calculating your tax, arriving at your refund or balance due.

It's as simple as that.

Following the Blue Section there is a detailed explanation of different types of income, as well as a section on allowable deductions. Be sure to read these sections carefully.

Your Tax Guide also includes an area of general information, a page or two of answers to some common questions, and solutions to problems you could encounter while working on your return.

If you decide you do need more help, you'll find District Taxation Office addresses and phone numbers listed on the back cover of the Guide. There you'll find all the assistance you'll need.

So, you see, your Tax Guide will probably be your best friend come income tax time. Read it thoroughly and follow it carefully. You'll find it will make your job a lot easier.

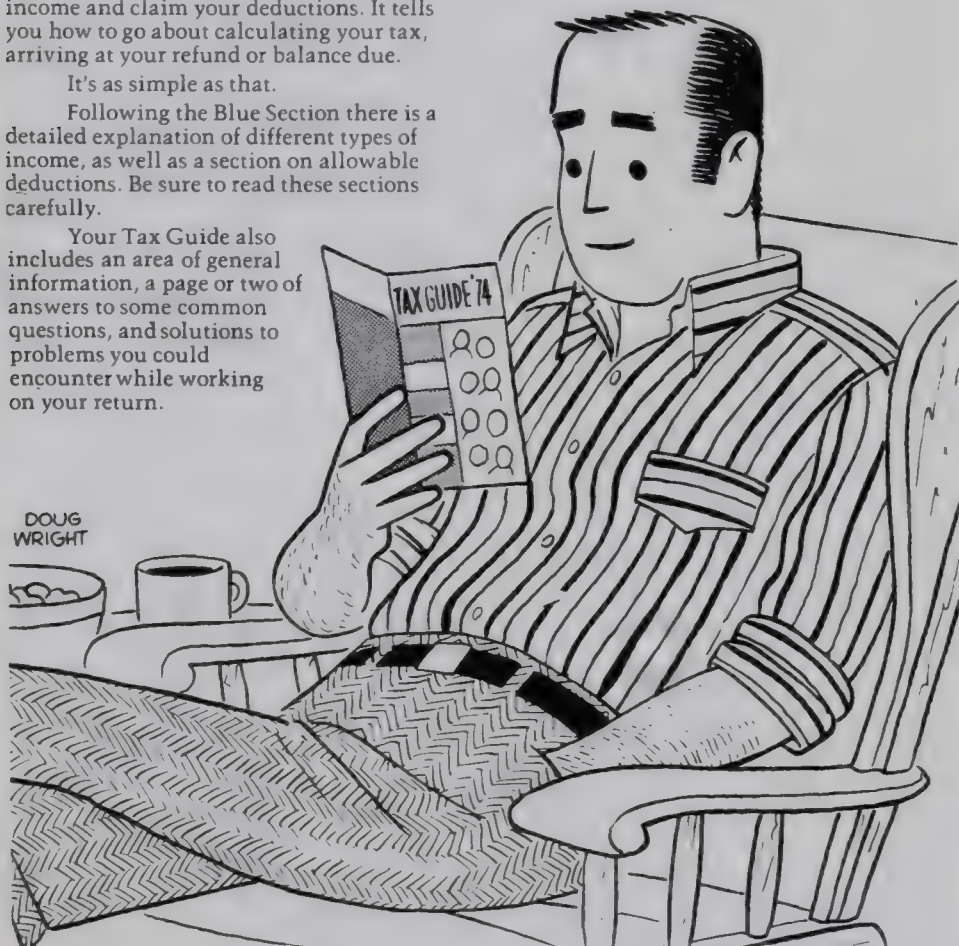

Tax Guide '74. How long has it been since you've read a really good book?

We're making it easier to understand.

TRUE CHRISTIAN TEACHING

There is even in this late day of the Church age considerable confusion concerning true Christian teaching. One reason is the neglect of the great New Testament Epistles which so clearly set forth Christian doctrine and practise. We live in a day when one hears time and again the cry "back to Jesus" and such fail to find the true teaching He would have His followers know because He points us "forward" to the Epistles.

It is in the Epistles one finds the truth of the Christ life and how it should affect each child of God. The Holy Spirit has given His chosen vessel the great and unchanging message of Christian truths, so the Apostle Paul wrote two marvelous Epistles for the children of God, namely, Romans and Galatians.

The former, however, is the main holder of Christian doctrines while Galatians was written for the purpose of correcting the doctrinal error of the believers who had departed from the true teaching of Grace.

According to the Gospel as found in the great Epistle to the Romans, the Lord Jesus had suffered and died, was buried and rose again; and thus the believer who trusts Him completely for his salvation is pronounced to have judicially died when Christ died, to have been buried with Him, and, to have risen with Christ in the resurrection from the dead and to live unto God through the Lord Jesus Christ who now lives in His believing child. (Romans 6:1-11). In Christ, the believer, therefore has obtained and holds a position which rests forever upon the finished work of Christ, the resurrection power and the glorious merit and perfections of the Eternal Son of God. All this is reckoned to the believer by the Grace of God apart from any work or deed on his part. Upon this basis and nothing else, God counts to the believer the righteousness of God, and the believer is thereby justified, made righteous, sanctified in the Person and work of Jesus Christ.

To add to this finished work of Christ any deeds, be they great or small with the

intent of obtaining merit before God, is an offense and insult to God. It does violence to the work of grace that Christ has done on behalf of a guilty sinner. Could any person become a child of God by works or remain to be such a child, Christ would never have had to die for sin. Man would be his own saviour, and such is an impossibility before God. The Lord Jesus Christ offers salvation to all men in His marvellous Grace, and Grace to be Grace must accomplish its own design apart from any work of sinner or saint. This is the true teaching of Christianity. God have pity on the many who are struggling for merit before Him by manifold works.

This is why Paul wrote the Galation Epistle. He would have the Galatians (and us to-day) know that their position before God was perfect, because they were justified by faith in Jesus Christ. To be justified is to be declared righteous by Jehovah God. This was the message of the Gospel the Lord Jesus had committed to His servant

Paul. To teach any other Gospel, even if it were through an angel from Heaven, is to be accursed. (Galatians 1:6-9).

The Church of today needs a thousand ministers of Paul's type, ministers who are possessed of the spirit and energy of Paul, and, who know and believe the teachings of this great Spirit-empowered, Spirit-directed and Spirit-used servant of the Lord. Were

this teaching proclaimed from every pulpit in the land, the forces of evil and error would be no longer a threat to the purity of the true Gospel.

SCRIPTURE

MEDITATION: "I am astonished that you are so quickly deserting the One who called you by the Grace of Christ and are turning to a different gospel, which is really no gospel at all. Evidently some people are throwing you into confusion and are trying to pervert the Gospel of Christ". (Galatians 1:6-7) N.I.V.

HOW TO MAKE MONEY and beat inflation

Most people are too busy trying to keep up with inflation to stop and think about rising above it. But the only way you'll ever beat it is by making so much money that inflation can't touch you.

I'LL SHOW YOU EXACTLY HOW TO GET RICH

I have proved that success can be achieved in a brief period if a person knows how. I'll tell you precisely how to start making money from nothing. I'll then tell you exactly what to do with that money, to make more money ... and more ... and more until you are wealthier than you ever thought possible. And do a lot less work that you're doing now.

CAN'T BE DONE? YES IT CAN - I'VE DONE IT

Now I live in a luxurious home in the heart of London that's worth over \$300,000, with a Rolls Royce Corniche parked outside. All paid for. I have plenty of time to spend with my family enjoying long vacations at our fabulous villa on the French Riviera and picturesque mountain retreat in Switzerland. I have influence, prestige, cash in the bank. If you have the belief to absorb my principles and take action on them, you can be in the same position - in a very short space of time. It doesn't require talent, youth or experience. One woman I worked with in Germany is over 70. She's travelled the world over, making all the money she needs, doing only what I taught her. A widow in London has been averaging \$100,000 a year for the past 3 years, using my methods.

YOUR INTRODUCTION TO REAL WEALTH

If you're really serious I'm willing to share with you my secrets of success that I have proved can work. Every day my method can bring you more cash. You'll be proudly independent. You can enjoy those luxuries you've always dreamed about, but never could afford. Sounds exciting! You bet it is. What I won't do is to give you this advice for nothing, though. Never give anything away. That's a basic principle. I'll charge you \$50 for your introduction to real wealth - and you can have your money back if, within 6 months, you're not on the way to riches!

OPPORTUNITY IS NOT JUST KNOCKING AT
YOUR DOOR - IT'S ALMOST KNOCKING
YOUR DOOR DOWN

This is the chance you have been
dreaming about ... NOW TAKE IT!

To: E.A. James, 15 Sprimont Place, London SW3, Gt Britain
